Presentation

Description of the programme

The period of time spent in a company in S8 allows the learner to develop his or her assignments in depth.

This is the preferred period for international mobility.

A report on skills acquired in the company during semester 8 is individual. It focuses on the presentation of the work carried out, highlighting the issues, the context, the solutions envisaged, the solution chosen, the implementation and the results.

A specific part concerning the acquisition of the Competences of the Centrale engineer may be requested
