Spring

Presentation

Learning objectives

The objective of the TFE internship is to:

- Create a bridge to the 1st job
- Be able to conduct a high-level study in terms of science, techniques and methodology
- Take responsibility for an engineering mission

Description of the programme

The 3A internship is a compulsory internship, the duration of which is between 4 and 6 months (16 weeks minimum and 6 months maximum) taking place from April to September.

How knowledge is tested

The final evaluation is based on the evaluation of an internship report, an oral presentation and the appreciation of the host organization.
